

The Youth Ministry Board's sole purpose currently is to organize and implement summer camps for high school, 7th & 8th grade, and 5th & 6th grade youth. In the last three years, the Gospel was preached to 76 campers in 2012, 90 campers in 2013, and 80 campers in 2014. We hope to continue to see those numbers increase each year. The camp is run entirely by volunteers, including many great cooks, pastors, and college and high school-aged counselors. We continue to seek out volunteers for the two weeks of camps in June, and we especially need assistance from college-aged or older counselors during the high school camp. In the next three years, we hope to see the Gospel continue to be preached to Montana's youth, and that the numbers of campers will continue to increase.
